**INFORMATION FOR MENTOR**

The salient features of the Mentor's role are summarized below.

- Each course conducted with a deadline specified for completion of study of a topic based on the syllabus of the course. Mentor is expected to monitor that the candidate is adhering to the specified study schedule.
- Each course will have certain evaluation components with specific deadlines. Mentor should again ensure whether the candidate is adhering to these deadlines.
- To ensure a good relationship between the course and the work of the employee, Mentor may identify study assignments based on the work allocated to the candidate apart from conducting seminars / viva and giving an objective opinion about the progress of the candidate in these components.
- The Mentor will interact with the student at least thrice a week on mutually agreed days. The Mentor will periodically inform the Dean concerned at BITS Pilani regarding the candidate's progress.
- During interaction, the Mentor will emphasize self-study and self-learning aspects of the educational process.

Sincerely,  
Pavan Gade""""
